Spellbinder: Moonshadow, Book 2

Synopsis

From author Thea Harrison comes the latest story in the New York Times best-selling Moonshadow trilogy.... Kidnapped while on tour, musician Sidonie Martel is transported to the mystical land of Avalon. A human without magical ability, she is completely vulnerable to the deadly forces surrounding her. When she defies her captors and refuses to share her music, an act of violent cruelty leaves her broken, her ability to play silenced, maybe forever. Her only hope is a whisper in the dark, gentle hands that offer healing, and a man who refuses to show her his face yet who offers advice she dare not ignore. One of the most feared and powerful sorcerers in history, Morgan le Fae serves a queen he despises, Isabeau of the Light Court. Once a famous bard and an advisor to kings, Morgan has been enslaved to Isabeau for hundreds of years, acting as enforcer and the commander of her deadly Hounds. Sidonie's music touches Morgan in places he had abandoned centuries ago, and her fiery spirit resurrects feelings he had believed long dead. For Sidonie, trapped in captivity, passion offers a comfort she cannot resist. But Isabeau holds Morgan bound in magical chains that only Death can break. And in the court of a cruel, jealous queen, the only thing that burns hotter than love is revenge...

Book Information

Audible Audio Edition

Listening Length: 11 hours and 48 minutes

Language: English

ASIN: B0742KSJ41

Best Sellers Rank: #26 in Books > Audible Audiobooks > Romance > Fantasy #393 in Books > Romance > Fantasy #874 in Books > Romance > Paranormal

Customer Reviews

While this story was entertaining I did not like it as much if I compare it to the first book in the series. I liked Sid a lot and of course Morgan is a hottie. Isabeau and Modred return in this installment and Yah....the puck is back...i really love the puck!The story was good-it lagged a little for me in the middle and it focuses a lot more on Sid's music and less on 'action' so I got a tad bored. The writing

is good, the characters well developed and I'll read the next one. Happy reading.

I love Thea Harrison's books. I own all of the Elder Races books (most of them in paper & electronic format). To me this book was better than the first of this series (Moonshadow). That book was OK but this one is Wonderful. I felt like I knew Sid and Morgan. I actually caught hints in Moonshadow that Morgan wasn't all bad and I'm glad it turned out he was hero material. One of the other reviews cited the violence as a drawback. I don't think it was. I have read much more violent books in the paranormal universe. It seemed to be relevant to the rest of the story. I can't wait for the next book!

So, I enjoyed the story of how Morgan gets a temporary reprieve from the light queen, and how Morgan meets and takes care of Sid. Lots of new plots are opened and people are introduced. I only had issue with end, it felt a little abrupt. Not a cliff hanger, but lots of questions opened with no answer. I like leads into new story, but this felt like story between Morgan and Sid isn't complete or was stopped with last chapter missing. Still loved the book though and will re-read it, as there are lots of potential nuggets for future stories :-)

Morgan has been under the control of Isabeau Queen of the light fairies. She trapped him with an athame to do her awful bidding. Hundreds of years she ordered him to kill, maim, destroy. A devastatingly talented musician is kidnapped and drawn into fairie because of him. Sidonie sees the good in the strange man who comes to help her in the dungeon. Together they seek to break the geas, as they fall in love. Sad, thoughtful romance, with a revenge gotten in the end. Perfect name, Spellbinder.

Greatly enjoyed this book! The characters were great - Morgan and Cid were a great match and having met Morgan in a previous book I'm glad his story was told. I was also glad to see Dragos at end...I've been hoping to hear/see a book with Dragos and Pia but all have been quiet. Was wondering what was going on with Liam and Stinkpot! Will keep on hoping! Thanks Thea for allowing us to enjoy and lose ourselves in your books!!!!

It was really good. Morgan really fell for Sid. And he was so sweet when she returned his affection. Sid was a strong character who does what is necessary and would never betray Morgan. I loved the plot and emotions behind the main characters. Got to see Robin here and there. Really looking forward to the nex

Yayyyy!!! Morgan got his HEA. This book was one of my favorites so far in this series. It also answered unanswered questions from other books. I was kinda saddened for Azreal. Do Gods ever get HEA's? Loved Sid's fire and bravery...she was so worthy of Morgan. To the author: Job well done! I can't wait for the next story!

Don't get me wrong, Thea's writing is as wonderful as ever. My disappointment stemmed from not having a "feel-good" moment after I finished. There's a pall over the day and I don't like finishing a book feeling like that. The depressing storyline just didn't do it for me, even with a happy ending. I did like the new take on an often told story.
