Customer Reviews

J.C. Ryle is a great author and this is a great book, so no complaints on this front. However, this particular edition is pretty poor quality. It's obviously a cheap, quick printing. There are literally no page numbers at all, the fonts are big, ugly, and inconsistent, and I've come across at least one page (just in the first chapter) that's partially illegible due to printing problems.

This is a great book on the Gospel of John... It is a wonderful work if you are teaching through John (as I was), or if you simply are seeking a Christian book to help you grow in your walk. J.C. Ryle was truly gifted in the communication of the Gospel - and I feel as if I now have another old and

dead mentor/friend in the faith... :)

Mr. Ryle pulls no punches in this thorough and well written book. If you aren't convicted after reading this book you never will be. It is not only a convicting book but very uplifting on the truths of our Lord. Highly recommended.

A great reference book!

This is one of the best books I have ever read. It is easy to read and in plain English so everyone can understand it. J.C. Ryle has become my favorite author as a result of my reading this book. I look forward to reading his other books. The Kindle format is excellent and easy to use. I highly recommend this book.

If you want a taste of real Christianity read Ryle. John's gospel is a good start. You will learn this unique book of the Bible from one of the greatest and godliest men in the church's history. His writings will not only instruct your mind, they will change your heart--for the better!

On this subject matter, I found "The Gospel of John" to be one of the best sources available today! I have complete confidence in recommending it to others.

J.C. Ryle has helped me to understand this gospel in ways I never had! Inspirational read and a true blessing!
