Ancient Wonderings: Journeys Into Prehistoric Britain

Synopsis

Take a journey into our ancient past. Explore a long-lost landscape and gradually discover the minds, beliefs and cultural practices of those souls who lived on these lands thousands of years before you. Travelling the length and breadth of Britain, James Canton pursues his obsession with the physical traces of the ancient world: stone circles, flint arrowheads, sacred stones, gold, and a lost Roman road. He ponders the features of the natural world that occupied ancient minds: the night sky, shooting stars, the rising and setting sun. Wandering to the farthest reaches of the islands, he finds an undeciphered standing stone north of Aberdeen and follows the first footsteps on the edge of a long-lost Ice Age land in the North Sea. As Canton walks the modern terrain, slowly understanding the ancient signs that lie within and beneath it, he weaves a gentle tale of discovery, showing how, beyond the superficial differences of lifestyle and culture, the ancient inhabitants of the British Isles were much closer to the present-day ones than we might imagine.

Book Information

Audible Audio Edition

Listening Length: 8 hours and 39 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: HarperCollins Publishers Limited

Audible.com Release Date: June 15, 2017
