My 2 year old Great Grand son saw an ad for this Book in the back of another book by the same author and kept telling his Grandma, my Daughter, he wanted to read this book. She told me so I found it on and gave it to him the next time he visited me. He was so impressed as it was a wonderful story for a toddler from Maine. He laughed,. pointed and talked about everything on every page and had a time reading it for the first time. He pointed out so many things to me including the fact that he already had other books with the same character. That was several months ago and according to my Daughter every time he visits Grandma and Grandpa to spend the night this is one of his favorite Bedtime stories. He loves to tell them the story now and gets really excited telling them. This book is a fabulous addition to his Book shelf as it really stimulates his imagination. He is now talking about snow and watching the sky as last year he as too young to actually p;ay in it. This year thanks to this books he has all kinds of plans and he can not stop talking about them. I highly recommend this Book if you have a toddler who enjoys Books.

Love these books

Bought these for out 4-year-old who is just learning to read. These are great books with simple sentence and good lessons. We swear by all the I Can Read books, but the Little Critter ones are always fun.

I grew up on the Little Critter and the Bernstein Bears books. Couldn't wait to share them with my daughter.

Bought for Christmas for granddaughters. Read this book in store last year and didn't know if they already had it. When I found out they did not and went back the book was gone. Found it again on and bought it right away. The story is great. The book itself is just a paper booklet so it is kind of high priced. If your little ones are taught to treat their books with care it will last a long time.

Little critter is a Storytime favorite for ages 2-4! It goes great with our library Storytime snowman craft at the Oakland Public Library!

Mercer Mayer is fantastic! I recommend all his books. My 2 year old great niece loves finding the dog!

Love the Little Critter books, and when my granddaughter started to read at age 3, I started buying her these. She adores them, and loves her collection, pulling them out to read to her little sister now!
