This dictionary gets to the point quickly and is very easy to understand. If I need a more in depth definition or explanation I use a Bible Dictionary that provides more detail. The one request I would make to the publisher is that they develop the Table of Contents to make it easier to arrive at the word being sought. I can select the beginning letter of the word, but there is nothing to tap within that letter to take me closer to the word. Right now I usually end up paging and paging before coming to the word. The Student Bible Dictionary is a good resource and I'm glad I bought it.

I've been using this dictionary along side with my Bible for years. It is great for finding commonly used Biblical words which cannot be found in popular Bible Dictionaries.

Simple, meaningful definitions for students of the Bible.

It will help me to understand as I study the Word.

Excellent resource for bible study. I would highly recommend this product to anyone studying the bible.

Product as described and fast shipping, will buy from this vendor again! Thank you!

I gave as gifts and the recipient loved it.

This book is an excellent study tool for preparing Sunday School lessons or studying to learn more about the Bible.
