Moses: In The Footsteps Of The Reluctant Prophet (Moses Series)

Synopsis

Retrace the life of Moses from his modest birth and rescue as a baby to the courts of Pharaoh, from herding flocks in Midian to leading his people out of Egypt. Join Adam Hamilton as he travels from Egypt to Mt. Sinai, the Nile, the Red Sea and the wilderness exploring the sites of Moses' life. Using historical information, archaeological data, and biblical text, Hamilton guides us in the footsteps of this reluctant prophet who grew in his relationship with God and by the end of life had successfully fulfilled the role he was given. Turn your own reluctance into boldness as you examine the significant challenges facing Moses and how God shaped his character and life in powerful ways. Additional components for a six-week study include a comprehensive Leader Guide and a DVD featuring author and pastor Adam Hamilton. For a church-wide study, youth and children resources are also available.

Adam Hamilton has created yet another superb Bible study. You'll want to buy the book, the leader's guide, and the DVD. Hamilton takes you on a travelogue as you walk in Moses' steps. The study doesn't just skim the surface; there's a lot of excellent discussion points and new ways to relate to the story. Best of all, Hamilton identifies ways for us to change our lives to make a positive difference in today's world.

I love Hamilton's books. They are always well researched and thought out while also being accessible and easy to read. They are inspiring and thought provoking. This was no different. If you want to know more about Moses, this is a good place to start .

Adam Hamilton hit another home run. This book brings the story of Moses to the lay reader in a way that is easy to understand and grasp the it as never before. Coupled with the dvd, it makes a great resource for group discussion.

This was a great study, we had the DVD and Leaders guide to go along with this book and our Sunday class really enjoyed the walking along the foot steps of Moses. Our group is a fan of Adam Hamilton studies so this may be a bit biased

Excellent book.

I thought I knew all about Moses, but I learned tons of stuff from this book. It would be very good for an adult study group, and in fact, I plan to use it.

In clear, concise language, Adam Hamilton, explicates who Moses was "then" and how that can translate to who we are "now". We have a responsibility to carry the news of God's love and persistence to our children and to their children.

Rev. Adam hasn't written a bad book yet. Always down on any reader's level and makes the bible exciting as well as educational.
