French For Dummies

Synopsis

You want to learn French but youâ™re not looking to spend hours in front of a textbook becoming fluent. Maybe you took French in school, but remember nothing but boring grammar rules and useless words. Or perhaps you just want to know some words and phrases so that you can communicate on a basic level. Whatever your reason for taking up French, you want a starter course thatâ™s fun yet effective. Now you can enjoy practicing with French For Dummies Audio Set! This 3-CD package will enable you to quickly familiarize yourself with the French language and begin communicating with French speakers. With this audio set ,you can learn at your own pace about topics that interest you. Some of the subjects youâ™ll be able to talk about include: Greetings and introductions Work, jobs, and office life Making small talk Traveling and making arrangements Asking for directions Getting help and assistance Ordering at a restaurant Booking a room in a hotel Exchanging money at the bank Shopping in a store or boutique Along with all these topics, these CDs cover essential rules and building blocks of the French language, such as verb conjugation and tenses, sentence structure, and vocabulary. It also includes a list of essential words that are used indispensably by French speakers. With this beginner audio set, you can pop any of the CDs in your CD player or computer and discover the joy and fun of the French language! --This text refers to the Audio CD edition.

Audible.com Release Date: March 12, 2008

Language: English

ASIN: B0015XM8L0

Best Sellers Rank: #21 inÂ Books > Audible Audiobooks > Language Instruction > French

Customer Reviews

Listened to this in my car for several mos prior to my Paris trip in April.. I actually learned basic expressions and got a feel for the cadence of speech. I heartily recommend this as an easy way to be comfortable with French. Also has a carry with you little book with common phrases. Very handy

So far has been useful for learning to speak French. Would be better if the booklet that comes with the CDs also showed the pronunciation of the words and phrases that are reviewed.

straight forward - easy to understand - quite affordable - personally recommend.

Hard to follow and learn anything of significance. Disappointed. I usually love this stuff. Will be going the higher end now of audio training. All good though, it wasn't too expensive to give it a whirl. Someone else perhaps with a little more French experience may find it beneficial.

For me, this is perfect. I'm trying to learn just enough French to cope in Montreal. I took French in school, but never really learned to hear and speak it. But I remember enough to read a fair amount, so listening to the audio with its exaggerated pronunciation and tips pulls a lot up from the depths of my memory. I've also loaded some other easy French CD's into my car player, so using Dummies along with some of these is perfect for my purposes. I'm way past studying and am not aiming to become fluent, just able to catch snatches and communicate at a basic level.

very helpful-had French in 2 yr at high school from a French teacher who taught French, some of the pronouncements were different from high school and college, but a good refresher to converse with my granddaughter

Very simple and easy to listen to as you drive around on errands. Has both male and female voices. Great for picking up some basics. I think it's great to have the cheat sheet booklet with it also. With repetition it will sink in.

You have to hear the language to learn it! Excellent! What better way to learn by an audio set. Merci beaucoup.
