## Customer Reviews

I absolutely love this book it is fun and educational. I have learned from this book that the best way to learn a new language is to study its alphabet. I was never aware of this until i purchased this book! Fortunately, Spanish uses a roman alphabet so it should not take long for a English speaker to learn to write and recite the Spanish alphabet! Another piece of valuable information i learned from this book is along with grammar and good vocabulary, accurate pronunciation is one of the essentials in communicating effectively efficiently in Spanish. I highly recommend you buy this book as it will help you better your life in so many ways. Thank you and god bless.

This eBook will provide you some practical tips in learning Spanish and it's basic phrases for everyday situations. It's great for giving an excellent basic vocabulary that covers many aspects of daily life, it contains simple practical methods that anyone can do regardless of age and gender. It starts from the very basic level- the alphabet then goes into simple greetings, then basic expressions and daily vocabulary. I think his book is a great resource for Spanish learners of all levels. I really learn a lot from this book and I am so thankful to the author.

this book is a must to have. whether going to travel, or you just want to learn a new language. this is an excellent read. Pronunciation guides very helpful and detailed. the length of this book also makes it a plus. this book also gives you a big list of vocabulary and then even a lot of examples. I always struggle with the genders, or in the past tense. I recommend this book for anyone that wants to learn Spanish and is willing to put in the work! ¡Câ Â

This book is very comprehensive book on learning Spanish language. This is my 3rd book on this topic. But this one is better than others. The author provides 15 easy and effective steps for learning this language. I am a beginner and this book really helped me a lot. I would surely recommend this book for anyone who is looking for a good book for learning Spanish. Thanks to the author.

I have read other books trying to teach me Spanish, however, they have never worked for me like this book. The book starts with Spanish Alphabet Vowels, Pronouns and Gender. I learned sentence structure and types of sentences with amazing examples. It has a great method, practical exercises, and has given me key essential phrases. People with more advanced skills won't be benefited much, but for beginners, nothing wrong with it. Great guide.

Very extensive and helpful book that has many common and useful words and phrases, as well as an effective approach to language learning for anyone who's interested in learning a new language, in this case Spanish. If you're just starting out, this is a great tool and guide to have.

I loved this book because at the moment I am actually learning Spanish. This book gives you several ways to improve your learning experience one way was learning the alphabet all the way to learning phrases. I will now use this book to assist me in learning Spanish

Very helpful book and useful phrases + great vocabulary full of words you need in everyday life. Spanish is second the most popular language in the world so it is great to be able to speak and understand Spanish. This book will definitely help you to speak from real beginning. I will take this book with me for my trip to Spain for sure!
