

Children's Liturgical Calendar Activity Book

Synopsis

There is no better way to get children to learn than by giving them hands-on, fun activities that blend enjoyment with information. While inviting children to draw pictures of Bible stories, the saints, and their favorite part of the Mass, the book provides a solid explanation of the liturgical seasons, including the significance of colors, holy days, and feast days. Children are encouraged to add their own family celebrations to the feast days of the Church thereby coming to the knowledge that we share a connection with God's family in Scripture, the Body of Christ. Highlights: --an activity with lasting value: children can pull out the colored calendar from the center of the book and put it up for display --parents and teachers will appreciate the book's affordable price Ages 7-11.

Book Information

Calendar: 16 pages

Publisher: Paulist Press (September 1, 2005)

Language: English

Grade Level: 2 - 6

Customer Reviews

Donece McCleary is a part-time recreation leader in elementary school and volunteers in parish ministry as choir coordinator, catechist, pastoral council representative. She resides in Littlerock, CA.

I had hoped for a new resource that would spell out Lent and Holy Week in a form that suits working with Children. Although it does have some patterns worth the purchase, it would take less energy to source the events via the internet patterns.

Thank you and God Bless!

This book is well organized and has plenty of activities for the kids to do. I teach a PreK-K religion class and I use this for teaching them about our liturgical year. This book is advanced for them, but the pull-out calendar is simple enough for them to color and get a general understanding. It's an excellent resource for home or school....and for a wide variety of grades/ages!!

Was disappointed about the content of the book.

I'm sure this book would have been fine for a family or single child. I needed something I could use for a larger group.

The same thing I was not able to see it before getting it they should b let you see it front the inside to see if it will work for youbor jot like you dont spend your money in something ur not going to use

This was extremely limited in content. Very disappointed. Would return if I could.
