Grade Level: 12 and up

Customer Reviews

Modern Chemistry (View detail page) ASIN: 0030511224

Ok book. It is pretty clear and I like the chapter organizations; however, it is very dense at times. Could be a lot better and user friendly.

It is an excellently designed high school chemistry book, but it is really for AP chemistry.

Kid is planning to take AP chemistry class. This is the text book used in school. Got this for kid to study during summer time. I got a used one for less than a cost one coffee drink The condition of the book is decent. For this price, I really don't have any complaint

love it

My daughter was having difficulty in Chemistry, so I bought a student edition and the teachers edition to have at home. I am a teacher, however my Chemistry skills are very limited! It was great

to have...and no excuses for not completing homework!

It's good

Book came in excellent condition!!

Excellent status & timely delivery
