Customer Reviews

I bought this for my son for Christmas. It is well made, and there were no damages or issues. It was great. I loved goosebumps and now he does. He really wanted this book and will be so excited. It's a great book and stories and info about each of the monsters and fun to look through. Will definitely keep you or your little reader entertained. RL Stine is a family favorite and he never let's you down. This book is full of info about the monsters his imagination created! Fun and creepy. Just as you'd hope.

I can not wait for my daughter to open this Christmas morning. She is going to love this book, it's full of colorful pictures and we'll made. Would highly recommend for your young goosebumps fans.

My son was THRILLED to get this for his birthday! Great little book! Mom approved:)

7 year old son enjoys this book. Not much of a reader so it's nice to find books aligned with his interests that he'll actually read. We had to reorder because the first one got destroyed by an unexplained water burst in his backpack. He missed reading it, so we gladly reordered for him.

Book is colorful and images are vivid. My 8 year old loved the movie, so when I saw there was a book I ordered it and when it came in he was over the moon. It is detailed but is not overwhelming for children who are just transitioning to books with more paragraphs and less pictures.

My son is an avid goosebumps reader, and enjoys this collection of monster fighting wisdom! It has lots of fun facts, and an excellent way to get young boys and girls reading!!!

My son has just gotten into this series and the book is a great source of enjoyment. He has already memorized all the characters.

Great book that reviews all the Goosebumps monsters in detail. My son LOVES this book. Very happy with this purchase.
