A Highland Knight's Desire: Highland Dynasty, Book 2

Synopsis

In 15th-century Scotland, Sir Duncan rescues Lady Meg from the clutches of the Earl of Northumberland, and is knocked off guard by the sassy, redheaded lass. And aye, the tall, dark, and rugged Highlander challenges Meg's piety with his every stare. Sir Duncan must return Lady Meg to her family and collect his bounty before the lass further sinks her wiles into his heart. But Northumberland is brewing revenge, and this time it's not only Lady Meg he intends to ruin. If Northumberland's ruse is not exposed, Meg may very well end up becoming a nun and Duncan a pawn in a deadly game.

ASIN: B074QSFSWG

Best Sellers Rank: #113 in Books > Audible Audiobooks > Romance > Historical #363

in Books > Romance > Historical > Medieval #479 in Books > Romance > Historical > Scottish

Customer Reviews

I really enjoyed this book - almost as much as the first book A Knight in Highland Armor. This book starts about 15 years after the first book and features Duncan, Colin's son from that book. Duncan has grown and become a knight and has just taken over as leader of the Highland Enforcers. A group his father started to keep order in the Highlands. Duncan meets Meg when he is hired by her brother to rescue her after she is kidnapped. I really liked both of these characters. And Ms Jarecki writes a great story for them. It has action, intrigue, forbidden love, torture, steamy love scenes, wrongful imprisonment, heart wrenching loss, a beautiful happy ending and an epilogue! What more could you want? If you are a historical purist you might take issue with some of the modern phrasing and attitudes used in this book. But I'm not and while I noticed them, they didn't bother me or take away from the enjoyment of the book for me. I would definitely recommend this book and I'm looking forward to the next book!****I received this book for free for participating in the Kindle scout

program. I was not required to leave review.****

I planned on reading a chapter or two, then going to bed....Did I do that, NO !!! The story of Lady Meg , she's a spitfire I loved her & Duncan was amazingly well-written, descriptive, so vivid you felt you were right there with them.All the characters were wonderfully developed, even secondary characters.The story had a wonderful flow to it.I was sorry to see this end, can't wait for the next book !!! I have a book handover today & I don't even mind.Thanks Amy for a wonderful adventure

I received this book free from kindle scout due to my past nomination of the book and in no way does it reflect the rating of the book these observations and opinions are my own. I have loved Ms. Amy Jarecki's Highland Force series since reading them and didn't think this series could top that series for me. I am beginning to rethink this after reading this book! This book even though it is part of a series can stand alone and you don't need to read book one of the highland dynasty but if you want more on Duncan's family there are some of the same characters in this book too and it made me love Duncan even more after reading about his siblings, Duncan is the son of Colin in the first book. I instantly fell and had a small crush for the gruff, brawny handsome superhuman highlander hero Duncan. Meg the heroine was just a wonderful counterpart to Duncan despite her not being perfect but she sure was for him. She at first had a silent strength about her but as I read deeper she was so fiery yet brave and wasn't afraid to stand up to Duncan when the need arose.Meg the heroine is cloistered at Melrose abbey attempting to take vows to become a nun unfortunately Meg is taken by the English and the enemy. The hero Duncan is tasked by Meg's brother to find her and bring her back to her brother safely and untouched. As soon as Duncan and Meg meet the sparks fly and their attraction grows neither of them can resist the other and pretty soon their attraction grows to love. The book is filled with edge of your seat action, plentiful plot twists, deception, strong family ties and horrible villains and of course romance which makes the book very hard to put down!There were a few things however I did find it hard to believe that Duncan when wounded could run away from his enemies several times with the arrow still in his backside and at times Duncan seemed almost unbelievably superhuman to keep going from everything that is physically done to him. I guess the illness and Meg's care was pivotal to the plot but there was just a little too much sickness so quickly as well that Duncan had to undergo just to be taken care of by Meg. I also think Duncan's pardon from the king was resolved a little too quickly and wondered with everything they did to him why did he continue to still trust the king and continue to be a highland enforcer after being tortured

by him? I understand that he was loyal to him but the blind devotion to him made me question why he didn't at least have some slight suspiciousness of the king. Why also did Duncan readily accept Isaac after he tried numerous times to hurt Duncan and just because they have a common goal all is forgiven and they are the best of friends this really didn't ring true for me I just think Ms. Jarecki patched this up a little too quickly for my taste because they went from enemies to fast friends all of a sudden. Despite all this I still enjoyed this book and even the minor characters. I am anticipating the next book in the highland dynasty series a highland knight to remember since I instantly liked Gyllis Duncan's sister and know that this next book when it comes out will be well worth it to purchase. That I rated this book four stars can recommend it and will definitely get more books from Ms. Jarecki.

I enjoyed this story. I liked the idea of a heroine with a physical imperfection. It kept her from being completely comfortable with herself and gave her a dim outlook on her future. Despite all, she was a strong woman and tried to do what she thought was right for her future. The changes brought to her life because of her kidnapping and subsequent escapades. Meg came to realize that she desired more, and that more was Duncan. It surprised her that there were people who would accept and love her no matter what, physical and otherwise. Duncan was such an endearing hero, especially for his willingness to overlook Meg's "deformity". He looked beyond the physical and fell in love with her inner strength and beauty. She became his light when he needed strength to stay alive. I found the secondary characters interesting as well and I look forward to reading the next book.
