God Speaks: Perspectives On Hearing God's Voice

Synopsis

Is God speaking? God is speaking to all of us. He communicates in many different ways. Some people hear Him through music. Others through emotions. Some hear Him through thought impressions. Many receive messages from Him in dreams. The key to hearing God's voice lies in understanding the different ways He communicates. In this anthology, 28 writers will show you the different ways in which God speaks. Whether you're looking for help healing the sick, receiving prophetic revelation for others, or direction for yourself, the experiences you'll read about will help you hear God in ways you never considered.

Deep ! I love how deep yet practical this book is. I have already read Hearing God made simple by Praying Medic, and that book helped me so tremendously. In that book, Praying Medic walked me step by step to help me hear from God in a very clear way. I have benefited so much from that first book. In this book, Praying Medic continues on this topic about hearing God, who speaks to us constantly and so much desires to have a close relationship with us! This book gave so many real life examples from people in all walks of life, some regular church goers, some who do not attend church regularly etc, but all have the strong desire to draw close to God and hear his voice ! To know his will ! This books give so many concrete examples that it brings to life this experience and I would recommend reading this book along with Praying Medics How to Hear God's voice made simple !

By Chingasso on June 18, 2017Format: Kindle EditionAnything this man writes is well worth your time to read. Had a hard time getting it as I thought he was not done with it and all I could get was a sample. Puzzled, I looked into my account and found out for some reason I cannot buy books directly onto my iPad. Don't know why but this is just fyi. That said, I have never ever read anything by PM that was not worth every penny and this one is no exception. It is a compilation of other authors from the cutting edge of what our Father is doing in the world today. If you are hungry, come, take a bite and taste what he has in store for us. If PM's books can be equated to a steak dinner, which is not far off the mark, then what we have in this book is a smorgasbord of steak dinners. Love it.!

I deeply respect the authors in this book and know a number of them from casual conversations. I was enthralled by the plethora of revelations and confirmations of God speaking to me in nontraditional ways and means. I shared my joy in reading this book several times to Facebook friends. If you wish to boldly explore intimate conversations with God, this book will take you deeper, higher, faster, and further than you imagined possible.

Great book from a great group of people. Enjoying reading it like a devotional

A wonderful book from cover to cover with personal and practical experience.

As usual Praying Medic did a wonderful job on this book.

A wonderful book full of personal stories that reveal the reality that God desires to communicate with His loving people (the whole of humanity). I recommend this book to anyone who wants to grow in hearing God's voice and garner wisdom from life experiences and testimonies.

I can't thank God enough for this book. I have been a Christian over forty years and now real intimacy starts! Simple yet profound!
