Marianna Armata is a professional graphic designer and award-winning, published photographer. In recent years, Marianna's genuine passion for the natural environment, her eye for beauty in both the man-made and the natural realms, and her mastery of photography as art have created an

alloy that speaks volumes about the harmony that can " and must " exist in our modern world between humans and nature. Her interest in mushrooms began as a child when she would follow her parents on mushroom forays in Eastern Europe.
