The Seer Expanded Edition: The Prophetic Power Of Visions, Dreams, And Open Heavens

Synopsis

Satisfy the hunger in your heart! An exciting and insightful journey into the visionary world of The Seer. The prophetic movements in church history and in contemporary life are fed by two mighty streams: * the prophet, whose revelation is primarily verbal * the seer, whose revelation is more visionary While the role of the prophet is familiar, less is known about The Seer dimension. To many people, these visionary prophets remain mysterious, other-worldly, and even strange. Knowledge dispels misunderstanding, and you will discover the prophetic power of dreams, visions, and life under the open heavens. Questions answered include: * How does visionary revelation happen? Can it be trusted? * Where does it fit into your life and today's church? * Can any believer become a seer? Is it a prophetic dimension reserved for the spiritually-gifted? The Seer will move your heart and stir up your hunger for intimacy with God because the seer's goal is to reveal the person of Christ Jesus--to you, today.

Dr. James W. Goll is the co-founder of Encounters Network, director of Prayer Storm, and coordinates Encounters Alliance, a coalition of leaders. He has shared Jesus in more than 40 nations worldwide. He has authored numerous books including Prayer Storm, Dream Language, and Angelic Encounters.

I just finished reading this book and I thought it was fantastic. It is the first book I've read on the seer

prophetic ministry. I was an atheist for years, but then got supernaturally saved and baptized in the Holy Spirit at the same time and immediately began moving in dreams and visions. I thought it was odd that I would mostly receive revelation for myself, others, and the church through dreams, rather than ministering to a person and receiving a word as I was speaking to them. I would pray and ask God to give me revelation through visions as I would minister in person on the spot but it would very rarely happen. I learned through this book that I'm actually a seer and received my calling last year. I then found this book and felt it clearly outlined my gift and helped me to understand who I am and how God made me to function. The seer ministry has never been taught in any church I have attended and I've been to plenty charismatic churches. I find this sad but I believe it won't always be so. There's also an impartation from this book. Before anyone dings me on that, remember that even in the bible, the anointing was transferred through handkerchiefs. I felt this book was pretty solid biblically and James speaks with a heart of love. You will learn more about this ministry and if you're already functioning in it, you may learn some great nuggets and may even be sharpened like I was. I'm looking forward to reading more on this awesome ministry. Thank you James for sharing your wisdom and insight. I'm actually reading it a second time, that's how great it is. Give it a try, you won't be disappointed!

This is a great book to grasp the various duties of a prophet. To understand the difference and correlation of prophet and seer. Really good study guide/devotional at the end.

It really goes into thorough detail about the scriptures and expounds and enlightens the reader into a greater understanding and depth and awareness of spiritual understanding. I was questionable about the content and reliability of the writers views and interpretation before I read it, but after reading some of it and taking it in, it really has helped my understanding a lot and I am so glad to have purchased it!

James Goll is an amazing man of God. I am extremely skeptical about today's new "Christians". It is comforting to find a man truly rooted in the word with a relationship with our Holy Spirit that is inspiring.

A must read for every believer in the Kingdom of Heaven. Your enrichment and spiritual development.

I loved this book. It's so loaded with scriptural support for visions and the prophetic! I loved all of the word origins. He did a great job helping me make sense of so many Supernatural events in my life. He emphasized that our focus is always about growing close in our relationship to God.

Even though this book has Seer written in big letters I felt that it could be for anyone. The author does spend time in the first several chapters explaining the difference between a Seer and a Prophet. Most of the book focuses on helping the reader know Jesus more. Our main goal as Christians is to know Jesus more. Anything that He gives to us or reveals to us is out of His generosity and we should be thankful for it. Too many people chase after power, abilities or titles, but Goll reminds us that Jesus is the only prize or goal worthy for us. Everything else will come to us as God pleases. God does not want us to place anything on ourselves (titles, et cetera) that would limit Him. God is beyond limits.

Love this book!... that's all i can say!.. you learn so much about yourself and in general in so many ways! i have had so many "experiences" growing up (dreams,feelings) and never knew exactly what it meant til i was about a teenager. I knew God spoke a lot to me and showed me warnings trough my dreams. My grandmother had this book and so she recommended me to have a look and fell in love with it, so i purchased my own. Great eye opener and an interesting read!
