The Supernatural Ways Of Royalty: Discovering Your Rights And Privileges Of Being A Son Or Daughter Of God

Synopsis

Supernatural Ways of Royalty reveals your true identity as a child of the King of Kings--royal heir to the eternal Kingdom of God. Bill Johnson and Kris Vallotton denounce the pauper mentality many Christians have and present your royal inheritance through Christ's ultimate act of redemption. As a member of God's royal family, you can:

- * Share the King's power of grace and mercy.
- * Think and act with His authority.
- * Reveal royal qualities for future generations.
- * Promote honor and humility--with confidence.
- * Cultivate His love for one another.

The authors' personal, supernatural experiences will convince you of your own royal status and inspire you to claim your personal inheritance gift from your Father--the King of Kings.

Customer Reviews

The message in this book is so potent that it could incite a revolution of thought, heart, and action in the Body of Christ! We've experienced a Reformation in the Church, but now it's time for a Kingly Invasion to come forth. Kris Vallotton's goal is to demolish the slave mind-set.

Kris Vallotton is the founder of Bethel School of Supernatural ministry in Redding, California. He co-leads Bethel Church with Bill Johnson. He is the author of *Developing a Supernatural Lifestyle* and *Basic Training for the Prophetic Ministry*. Kris and Kathy have been married for 31 years, have four children and seven grandchildren. Bill Johnson is a successful author of *The Supernatural Power of a Transformed Mind*, has shared his biblically sound insights with thousands of people around the

world.

Concepts that a reader will learn:1. Page 27: thinking like a pauper keeps you in survival mode, which will cause you to cut down other people to elevate your own self esteem.2. Page 30: when somebody values us more than we value ourselves, we tend to sabotage our relationship with that person because we do not want them to get close enough to find out that we are not as good they think we are.3. Page 46: forgiving somebody (a behavior required of Christians) does not require us to trust the forgiven person.4. Page 52: facing failures of our past (and weaknesses of our present) do not need to prevent future God-encounters.5. Page 121: leaders do not need to compete with the people they are supposed to be leading. Just as an side, after being a Christian for 29 years, people from Redding were the first ones who prayed "let my ceiling be your floor" for me. When leaders are paupers then they can be intimidated by the success of those they are leading. Leaders following the ways of royalty want and expect their followers to do better. When you grow spiritually, does your pastor seem happy or does he put you in your place with a "leave this to the professionals" attitude?6. Page 125: honoring unbelievers will show that we value them, which will show that God values them. Seeing them as pathetic losers will turn them off to us and our message.7. Page 131: the church should not be a place that we go but a tribe that we live in.8. Page 132: Christians need to have a plan to "parent" those that we lead to Christ instead of leaving them like orphans. This really touched me because the feeling I had perceived (from older believers) after conversion was "congratulations, here is your Bible, good luck, and I hope you follow it good enough to be found worthy of heaven".9. Page 144: our agreement with what God is doing is necessary to release his power into the world. God did this so He would not violate our free will and ruin our potential to love him.10. Page 152: some people who cannot find the supernatural in the church will sadly go to where they can find it (Proverbs 27:7).11. Page 160: the survival mentality has reduced the Christian experience to simply "holding the fort" while waiting for somebody (other than God) to protect, save, or rescue us.Brad

I can't say enough about this book. Kris speaks from a humble place of power. It's very rare to hear someone be so vulnerable about these types of identity issues. Much like the beauty of the Bethel church, the book sticks to the Gospel, and the freedom it brings to those who believe. This book is healing. It is rich. It is packed with wisdom. I've noted and marked it up all over, and I'm only on chapter 4. I've been raving about this book to all my friends. I'm really thankful for it!

Kris has a gift for finding undiscovered spiritual truth and bringing it to light. This book will challenge you and cause you to think and grow in your understanding of what it means to be a child of God. His writing style isn't the most polished, but he gets the message across anyway. Definitely worth the time to read. You'll probably want to read it more than once.

I recommended.

Life-changing book

It's a good book that helps an individual lose false humility and gain a truer sense of one's great value in Christ.

Excellent book

The way Kris delves into this teaching with his transparency and revelation of both the Word and The Body today has been, is, and will be for me a paradigm shift. Pauper to Princess, individual to submitted, unsettled in my journey to at peace, enjoying Abba Father, Jesus and Holy Spirit. Thank you
