Whether you are just coming to Christ or have been a Christian for years, this book is a great tool for any Christian to have. I've had a copy of this book for years. I recently bought another copy to give to a new follower of Jesus Christ. I bought it for him to help guide him toward the answers of the questions of his heart. There are no opinions in this book, only the Word of God which is great because it leaves room for the Holy Spirit to speak to you directly. All you have to do is ask the Lord for the understanding and how to apply it to your life. You'll be amazed at the results. I highly recommend this book!

I saw this book laying on church pew. After going through It, I realized I needed this book in my collection. This book is perfect for bible study, ministering, or leading. Has very important topics that must be talked about. I highly recommend this book to anyone that wants to know their bible better.

I use this book ALL THE TIME. Sometimes I use it to find Scripture that fits a certain emotion or situation I'm going through, other times when I want to memorize scripture and also when I'm praying and want to pray God's word. I gave my copy to a new Christian and bought myself a second copy because I couldn't live without it. I have other books that are similar (list scripture by topic, etc) but this is the one I use the most. Plus ... its a bright color so I can find it easily! :)

I am far from being a teenager but have used "Armed and Dangerous" as a topical help for several years now. It has been so helpful to me that I have purchased it several times to give away as gifts to all ages and will continue to do so as long as it is available.

Love this book! We've had several already, and end up giving them away to friends/family who have questions on 'What does the Bible say about a certain subject?' It has the topics listed in the table of contents, and just the scriptures (no commentary). Love it. Ã Â Â•Ã Â Â•Ã

The book itself is undeniably amazing, however, Skip the FALSE advertising up-pricing of the imitation Leather. It's NOT imitation Leather. It's just a paperback with a different design than the original paperback!

a wonderful graduation gift

I have had about 15 or more copies of this book in my 28 years of life. I gave them to friends, family or just anyone needing encouragement. all my books had been orange and silver before this. I was so excited to get a two tone LEATHER bond book. WHAT I got was the exact same thing I have had for years, but it was just black... So disappointed , I want my money back..
