I love this Left Behind series. Its a radio drama so each character is a different actor. There are background sounds to help you imagine whats going on. Ive listened to this series 3 or 4 times over the last 10 years and its still just as good. Collect this whole series and listen on a road trip or on your commute to work. You wont be disappointed!

I will leave the religious debate out of this review. Regardless of what you think about that this was a terrific series. The story was really well done and characters memorable. This was by far my favorite of the series. For anyone who has not had an audio book in dramatic audio you will love this series. It is full of sound effects and different characters voices to make it easy to follow the story. Best on CD because the explosions will make you jump and allow your mind to visualize what is going on. So let go of any personal bias and enjoy some truly spectacular work.

Theater like presentation of Armageddon, one of the last of the series of books in the Left Behind series. Exciting and eye opening knowing we are headed in this direction unless the rapture of the church comes before it.

This was the most action and also the most sad of the series. Each book builds and I couldn't wait to get to the next. Start at the beginning and don't miss one of them. And with each I turned to the Bible to follow the story line accuracy.

Great! The entire series is wonderful. The authors had to have a special inspiration from God in putting together the details. I listened to this about 6 years ago and again this month--today, I can see the progression of earth's events--just as depicted in the audio. One suggestion: would like to have had musical effects and sound better balanced--small parts were barely audible others overwhelming. Overall...I would definitely recommend it--and would listen again!

I just loved the action drama that this tape did for my life. It did break my heart about Chloe's closing testimony, but praise God she was a child of His. Also, the whole series made me sooo glad that I'm in Christ and will not face the tribulation.

Awesome.

Some people have problems reading, others have problems with their vision. I have dyslexia so reading is more of a challenge for me so I purchased all of the left behind books to listen to. They are great!
