# The Quakers: A Very Short Introduction (Very Short Introductions)

## Synopsis

The Quakers are a fascinating religious group both in their origins and in the variety of reinterpretations of the faith since. Emerging from the social unrest of the English civil war, the Quakers have gone on to have an influence way beyond their numbers: be it their continued stance against war or their pioneering work against slavery. At the same time, Quakers maintain a distinctive worship method to achieve the direct encounter with God which has been at the heart of the movement since its beginning. This book charts the history of Quakerism and its present-day diversity, and outlines its approach to worship, belief, theology and language, and ecumenism.

ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

## Customer Reviews

We belong to the Quaker meeting in El Paso, TX, and we're using this book as a study guide. We always have new people coming in from other faith traditions and it is, as advertised in the title, a "very short" and informative introduction to the group known as the Religious Society of Friends - or Quakers, for short.

Succinct and outstanding as a work for anyone curious or interested in the Quakers. Pink-Dandelion does exactly what one expects from the title of this book: introduces the reader to Quakerism. History, essential differences, historical figures and their significance, changes over time, and modern day Quaker aspects are all included. What really puts this particular book into a class by itself for me is the author's writing. Easy to read, right to the point, and not an ounce of fat. If I were to select one book for someone wanting to quickly get a handle on who the Quakers are, this might well be the one.

This is an excellent book! It gets to the essence and heart of the Religious Society of Friends. There are historical quotes and the author speaks to the diverse spectrum of Quakers today. I highly recommend this book!

Excellent, easily readable summary.

Great book. Works as advertised. I would recommend this vendor to anyone. :-)

A good and informative book, particularly having left Quakerism last year. I find the material to shed a lot of light on what I knew or felt to be true of the movement and it also shows how far some groups have strayed from their roots.

Love this book. It explains the prospective of the different sects. All Good.

As a Quaker who works with teens, I gave this 5 stars for readability and accessibility. It's a great introduction to Quakerism for youth and curious adults.
