He lives in A Coruña, a small town in the north of Spain.

I love the format of these books. They are very easy to handle by the first graders, the text is a very abridged and simplified version of the real tale, but it works out right for the beginner level. The book has a total of about 40 pages, one page half text in larger print and a picture page, making it easy for the kids to follow the story along. It is a great format and a great choice for building the kids' first book collection.

Exactly what I wanted. Book was in great shape! Thanks

This series is awesome.....
