Customer Reviews

"I wish I had read this book 20 years ago! People start businesses with high hopes but lack the skills and the plan necessary to make it successful this book eliminates that problem. It is an easy read with step-by-step instructions from a real pro. So stop repeating what doesn't work or floundering around for a solution. Read *LAUNCH!* and make success happen." - --Joan Coullahan, CFDS "I have known and worked with Jennifer for several decades and experienced her amazing success and her ability to communicate and lead others on their respective paths to success as well. Jennifer is unique in her ability to clearly understand and articulate the pathway to be a top performer, and she has spent years crafting this skill in a way that results in proven success for herself and others. Jennifer is self-driven, has an amazing enthusiasm for ever improving on her

performance and success, and is infectious with her attitude. I highly recommend that others read, learn, and practice her skills. Proven success patterns cannot be denied, and she has a clear history of success." - --David H. Stevens, President and CEO Mortgage Bankers Association"I've sat through countless hours of class learning from [Jen Du Plessis], shared several meals discussing life and business, and was introduced to my fabulous coaching company, Buffini and Company, by Jen. It's fair to say that my path would've been much different without her guidance and support. I look forward to sharing her book with some VERY lucky folks." --Katrina Kimbro Smith, RE/MAX Real Estate
