Customer Reviews

The merlin saga is SO RAD! I read these years ago when I was but a youngster, and my brother is the same age as I was so I bought this and the other books for him and hes hooked. Great buy as a gift, or if you like Harry Potter type stories!

Excellent book really keeps your interest.

I would love to write a big long review, but I'm speechless. But I will say is that if you read this book you will never be able to put it down.

I was so sad in the ending I nearly died in tears I loved it so much it made me feel more creative I'm reading his Merlin series so I hope to have a lot more fun

You can say Merlin is my dream world mentor. And book 3 hits another home run. Merlin has more challenges to overcome. So many questions to find answers. So many tasks to battle. Who are his real friends? Who can he really trust?. New and magical friends are found. And things seen for centuries are not what they seem in the end. 5 STARS...Izzy

I love these books. I don't think it's ever really gotten boring or felt like it dragged. Especially if you are already into this kind of reading material. Love the story. I recommend it to anyone.

Given as a gift and the recipient loved it.

I love this series. It is one of the best I have read. I recommend this book for people who like fantasy fiction
