The Africana Bible: Reading Israel's Scriptures From Africa And The African Diaspora

Synopsis

A landmark volume, The Africana Bible gathers multicultural and interdisciplinary perspectives on every book in the Hebrew Bible. It opens a critical window onto the world of interpretation on the African continent and in the multiple diasporas of African peoples, including the African-American experience, with attention to African history, literature, and culture, and Black diasporan backgrounds for understanding biblical literature. The Africana Bible features a critical commentary on every book of the Hebrew Bible and the Apocrypha and Pseudepigrapha that are authoritative for many in African and African-diasporan communities worldwide. It highlights issues of concern to the global Black community (such as globalization and the colonial legacy) and the distinctive norms of interpretation in the African diaspora.

Book Information

Hardcover: 389 pages

Publisher: Fortress Press (November 1, 2009)

Language: English

Customer Reviews

Hugh R. Page Jr. is Walter Associate Professor of Theology and Dean of First Year of Studies at the University of Notre Dame. He is the editor of Exploring New Paradigms in Biblical and Cognate Studies (1996), The Myth of Cosmic Rebellion: A Study of Its Reflexes in Ugaritic and Biblical Literature (1997), and Exodus (in the People's Bible Commentary Series, 2006).

The book is refreshing in its ability to relate the Biblical scriptures to people of African descent. Having a vast viewpoint from various authors as they make their relationship to the scripture present provides an ability to reanalyze formerly held beliefs. I recommend it for those who may have

difficulty understanding how African Americans could embody a book which originally seemed more relatable to those who are Caucasian.

Love it!!! Relative, informative, and eye-opening!

A wonderful resource for preachers!

A must read for informing all of us persons of faith and those who are engaged in biblical interpretation that there is no immaculate perception.

Get it, read it! This book was required reading in my African American Biblical Hermeneutics class. I'm so glad it was.

I do like the book. The information in the book was just a little different from what I expected, however, I had a curiosity about the contents because I am presently studying concerning the Hebrews and the Bible. I will give another review again after I get more involved with this book.

I am not African American; however I like to understand different perspectives when I read scripture. This book was written by excellent and balanced scholars who have an understandable and enriching perspective on the Old Testament. Gathering the way different groups of people hear the same scripture due to life and cultural experiences broadens the way you hear the Word of God. This is an excellent and very enjoyable book to use. I especially recommend the Exodus entry.

This book will certainly be kept in my library. It was an excellent price for a beautiful book. It is wonderful.
