Customer Reviews

I was given a copy of this book in exchange for an honest review. From the very first page this series has you guessing. While the main characters weren't my favorite, Michelle wrote them so well that I couldn't stop reading. I wanted to slap the main guy until the end of book two, because let's be honest, he was being stupid! But between their history and their ups and downs their love story was epic, I would highly recommend reading if your into young adult romance and a happily ever after. Seriously go read!

What a great series by Michelle Madows. The Love from Drew and Liz not only can last through time, but also life.

I highly enjoyed the Transcend Time Saga and this book set is a great deal because you get all

three books at once- so you can just read them all straight through! Michelle Madow is a fantastic writer whom I would recommend to any YA fan!

I wish there were more!!!

I think I am going to re read these books. I loved them. The characters were so real and I felt like I was there.

It was a great read. It was clean, romantic, and adventurous. I would recomend it to anyone!

While the books moved quickly at times, I throughly enjoyed this series. It was a nice (and quick), enjoyable read. Michelle Madow has a way of making a worn out concept into an enjoyable and fresh read.

This will probably always be my favorite book series I've read it so many times. I absolutely LOVE it and would definitely recommend it! ã Â Â'Â•Ã Â Â'Â•Ã Â Â'Â•Ã Â Â'Â•
