Peter and later, his wife, Edna sought to create fine books that sold at prices even a pauper could afford. Today, still family owned and operated, Peter Pauper Press continues to honor our founders' legacy and our customers' expectations of beauty, quality and value. I love it! Easily fill out your budget and keep track..recommend Æ Æ Æ™Æ

This has been a great place to start getting on the budgeting bandwagon. Easy and user-friendly and I love that the month and year are left blank. I will be buying several more as a back up in case they stop making them.

I like this workbook very much with the exception that it is very difficult to continue the entry of data onto the page once the middle of the month arrives. There are a lot of lines, which I like, but the spiral in the center makes it difficult to be sure you are on the correct line for the entry. Still, it's the best I have found so far, though I am still looking for a better one. Price was definitely right.

Only drawback are small and difficult to run across 2 pages but I do like it. Recommend it
