Customer Reviews

This is a great book that is easy to understand, a quick read, and has offers great sites to refer to during your learning process. It also provides listings to order your equipment. I am thankful she took the time and effort to put this gem together; it definately put me on the right track to become successful in this field.

Great knowledge and learning for a beginner.

Thorough and concise, no fluff. A how-to manual for beginners that respects the reader's time and offers actionable advice and useful links. This is exactly what a how-to book should be.

I have been the recording secretary for several committees and was seeking a way to enhance my salary from home. The author provided valuable information in a straightforward manner. I was engaged from the first page to the last.

It's a great jump start for those people looking to get into transcribing for a living, with lots of solid advice and how-to instructions.

This spelled out everything I needed to know and then some. I'm confident that this not only provided me a great start but also gave me plenty to exceed expectations early on. I have dabbled in transcription a bit here or there and this book has certainly provided me the confidence to go pro. A big thank you to the author for providing this book!

This was a very helpful e-book for those interested in transcription work. Lisa was so nice to share what she has learned over the years to make getting into this business much easier to understand. I would highly recommend it.

It was a very useful and easy read. The knowledge and advice was invaluable. I am new to transcription and am very grateful for the help.
