## Synopsis

Learn French the easy way with Marco's stories, and pick up good habits from day one! Lots of people who only learn French from books quickly pick up bad habits, especially when it comes to pronunciation, how to use articles, and prepositions. These habits become ingrained fast, and very hard to get rid of. This audiobook will help you develop good habits from day one (or get rid of the bad ones you already have) by covering the most common errors that people make. The audio recordings are available in two speeds: A slower pace, to let you really hear the pronunciation of each word; A faster pace, so that you can get used to hearing how native French speakers really speak. To maximize study effects, we recommend listening to this audiobook together with a paperback or eBook edition of "Learn French with Marco: An Interactive eBook", which contains the full text with drills and flash cards. Each chapter tells a short story about Marco, an Italian who's learning French. The difficulty level increases over the course of the chapters, and the vocabulary used has been chosen from the 1000 most widely used French words. For students from beginner to intermediate level (A0-B1 on the Common European Framework of Reference).
