Rideshare Driver Secrets And Tips: Getting More Money While Driving For Uber And Lyft

Synopsis

Rideshare driving is a great new way to make extra money. Whether you are thinking about rideshare driving or are a veteran, this book walks you through simple strategies to help you make more money, raise your ratings, pay less taxes, all by driving smarter. I show you how just changing your focus to winning will help you win more often. I bring my experience as a computer game developer to show you how listing your goals as a rideshare driver will help you max out at being a rideshare driver. It is not working harder, it is working smarter. I used these same techniques to double my income driving the same number of hours in a few months. Small changes make a huge difference. Using things mentioned in the book, I was able to rebuild my plummeting rating from a 4.63 to a 4.94 in a few weeks on Lyft and maintain a 5.0 star rating on Uber without giving away candy or gum. There is advice about what to consider when getting a good car, what you need to know about insurance, items you should carry with you in your car, why chasing the Surge or the Pink is a mistake, all things you should know so you drive smarter. It has tools and checklists so you can get more organized. It has advice on whether you should drive for Uber or Lyft. It helps you put the "independent" in independent contractor. From sign up to expert, if there is something you don't know about rideshare driving, it's likely in there. This is the rideshare driver's manual.
