A Theology Of Worship (New Church's Teaching Series)

Synopsis

In this exploration of the foundations of Anglican worship, Louis Weil invites the laity to claim their true baptismal role and serve alongside the ordained as ministers and celebrants of the liturgy. He explains how the contribution of the people of God has steadily diminished over the centuries and why it is necessary to reclaim it today in the midst of Anglicanism's increasing multiculturalism. Since Anglicans are no longer primarily English-speakers worshipping in Gothic cathedrals, Weil challenges us to engage new forms of culture, music, liturgical prayers, and dance in order to renew Anglicanism for the new century.

Customer Reviews

Louis Weil is James F. Hodges Professor of Liturgics at the Church Divinity School of the Pacific. In his over four decades of teaching he has contributed to several ecumenical dialogues and has lectured on five continents. He is the author of *Liturgy for Living*, *Sacraments and Liturgy: The Outward Signs*, *Gathered to Pray*, and over a hundred articles on liturgy.

This just a quick book to give you a General understanding of Anglican theology. I wish it was thicker, but it is winder series. I would buy them all. It shame Crowley stop publishing these great books such as this.

Fr. Weil discusses the evolution and continuous change of the liturgy and form of worship in the Christian traditions, starting with the premise that the laity and the clergy jointly are called to celebrate the liturgy and participate in the sacraments as part of their baptismal role. Exploring questions such as the role of music, culture, sacraments and theology in worship, Fr. Weil reminds us of the role of worship and rejoicing, as well as the fact that our traditions have evolved over millennia and that slavish adherence may get in the way of our participation and worship. A good overview, but an even better challenge to the status quo - where the balance of tradition, scripture, reason and theology mesh to call us to flexibility and openness as Christianity becomes more diverse and changes in the 21st Century.

well written and humorous ,insightful.

Great

Great series from an Anglican point of view.

beautiful writing

An excellent walk through what we often take for granted in worship services. And a good handbook.

The book was received quickly and in good condition. The author did a good job on this subject. It is well written and well researched.
