This book provides the information and encouragement you need to create security for your property, your children, and your health after you become incapacitated or die. In plain English, it covers every standard estate planning topic in detail. The information in this book will help you formulate your plan and will save you time and money, whether you create your own estate plan or go to a lawyer for assistance.

I find books by Denis Clifford "Plan your estate", "Make your own living trust" and "Quick & legal Will book" very helpful for the preparation of legal documents.

Knowledge is power. This book is powerful. A must.

Easy to read. Wish it had more examples

Great information - everyone should read it - great ideas!!

Product arrived on time and as described

PLAN YOUR ESTATE is well written and very understandable.

Lots of good information for estate planning

Author updates book quite often. Bought one in 2005. Bought this one in 2011. Both are excellent resources. Author doesn't try to sell anything, but lays out all options in understandable language.
