Customer Reviews

I love this ebook. I'm so hungry and thirsty for reading and understanding God's word! I am focusing on prayers and this book is so helpful referring to bible verses and explanations that someone like

me can understand. I am not speed reading . I have only finished maybe one chapter. The questions after the chapter are excellent. Made me reread over and over to really help me "get what is being taught" I forget almost everything unless I really understand. This book is perfect for me and I highly recommend it for anyone whom is like me. Alone with no persons to study with or is new to reading the Word of God.

This is a book I would highly recommend to everyone, regardless of your church affiliation. I look at the LORD'S PRAYER with better understanding and a longing to pray more according to God's plan.....Every word in this book is valuable if you want to become stronger with the Lord.

Love these books. Easy to read. Very enlightening. A wonderful way to stay in your Word. This should be in everyone's library. For both believers and would be believers. If you want to remain in the dark, don't read this book. If you want to walk in the light, then you must read this book.

Just a pleasure to read and comforts a Christian in so many ways. So much information. It will help you and encourage you to pray.

This is a wonderful book. It features in-depth analysis, great selections, and terrific choices. I highly recommend this!

This book was very encouraging. It helped increase my faith and strength in the Lord. We used it in our small group study. It was comprehensive and provided enough material to make it last for a while. Each week we were amazed at how what we learned applied to our life situations in the here and now.

I only managed to read a couple pages before giving it away as a gift. A fellow church member was baptized recently & I figured that it would be an excellent aid for him at the onset of his new christian walk with The LORD. Of the little time I had it, I remember thinking to myself how well laid out the material was written , & how easy it was to read. I will more than likely purchase another copy for my collection

This is my third time reading this book and each time something is revealed to me.
