Customer Reviews

The New Unger's Bible Handbook is absolutely wonderful. I have it on all of my computers as part of my Bible Explorer Library.. I was absolutely thrilled to find it available as a Kindle book so that I could download it to my Kindle Fire HDX 7 as well as my HTC One smartphone. I love the way the author breaks it down chapter by chapter (on the Bible Explorer you can view it beside the Bible and view the commentary right along with the chapter & verse of the Bible you happen to be reading). The entire handbook is very informative and the diagrams as well as photos are absolutely wonderful. This is an extremely useful Bible study tool, I wouldn't be without. I also have a hardcover version of this book and it is wonderful as well, besides being a wonderful verse by verse study tool,

I could spend hours looking at the pictures and charts. It is very well done. So glad it is available as a Kindle book. Well worth the cost. Highly recommend!

Purchased this for my 9th grader. Using it for my bible study group, too. Great pictures, charts, readability. Easy to reference and understand set up and keys. I recommend this handbook. I have others, and this is now my favorite

Bought for a Bible college class. Minor disagreements with some content aside will keep in my pastoral library for years to come.

This book for the cost is fantastic. Plus, I can really rely on the information to be accurate. I appreciate it, and thanks for such a great deal.

I have been looking for a good bible handbook since I picked up the bible. New Unger's is for the person that wants the history side and archaeological side of the text. I personally wasn't aware that it would go into such detail. The book goes through each book of the bible almost verse by verse. Mr. Unger describes the meaning of the verse or the archaeological side of it. It is full of pictures, maps, and graphs. The only reason why I gave it 4 stars is because if you have a study bible like the Quest Study Bible which I recommend it goes through it enough for me. But if you like graphs, maps, and pictures this is for you. I think that I won't pick it up off my shelf once I'm done with it unless I want to see some picture of the place I'm reading about or if I want to lend it to a friend that is into the archaeological side of the bible.

An excellent Bible study source. Helps in your understanding when used in accordance with the scriptures. Other excellent study sources are: Through the Bible with J. Vernon McGee -entire 5 book series; Manners and Customs of the Bible. With the Ungers and these you will gain a good understanding of the scriptures.

Love the updated version. Easy to use and illustrations are very helpful. Use it as a quick help when studying chapter by chapter in Bible books b

So far I like this Handbook because it has photographs of modern day Holy Land and areas that was visited by Jesus and others. It is also written a way that is easy to understand.
