Pirateology Guidebook And Model Set (Ologies)

Synopsis

Avast, ye PIRATEOLOGY fans! Behold, an exclusive guide to the goings-on aboard a pirate vessel â" plus an exciting scale model of a real pirate ship. How do pirates capture a ship? What sort of ships do they favor? Who are the rogues that make up a pirate crew â" and how do they entertain themselves, or punish each other? After poring through a twenty-four-page book that presents a true taste of life aboard a pirate vessel, young pirate hunters can turn their skills to assembling a model of a typical pirate ship. With this sturdy ship model at hand, savvy pirate hunters are sure to spot any scurvy dogs from leagues away. Aar!

Customer Reviews

Sometimes I get so excited I fail to fully read the descriptions and reviews so maybe its better for my sake that this came out to simply be the model ship parts and very simple paperback guide than the actual "ology" book. Yes it is from the "ology" series but the focus should really be on the fact that it's primarily a model ship to build, the facade of the book/container in this image is a little misleading for I thought it was the full on Pirateology book as well as the model set (so I thought I was getting a deal and 1-Click bought away!) Either way, the model looks awesome in my cubicle, all of my co-workers so far couldn't even tell it was cardboard. If your a collector of pirate

paraphernalia like me then its a must in your collection, if only to proudly display the ship you assembled and the facade to adorn whatever space desire.

Very interesting, but once you get the model together NEVER TOUCH IT AGAIN! My 6 year old liked to pick it up and look at it and eventually the entire model fell apart. I love these Pirateology book though!

My husband and I ordered this for our 15 year old son for a Christmas gift ! It arrived fast and looks better then new ! We have bought a few of the Ologie books for are other 2 sons(13 and 18) and THEY LOVED THEM TOO ! I would recommend all of the Ologie books to parents of young or older children ! We even enjoy them as adults ! Will be buying more to complete our collection !!!

Love these "ology" coffee table books. My grandkids love them as Christmas gifts.

:)

My 9 year old daughter loves these books. She cant get enough of the Ologies series and this was one she had to add to her collection :)

Another pirate book that I purchased for my son as a gift. He loves anything and everything pirates and this is a welcome addition to his collection.

again for nephew and he loved it.
