The Case For Christ: A Journalist's Personal Investigation Of The Evidence For Jesus

Synopsis

A seasoned journalist chases down the biggest story in history--is there credible evidence that Jesus of Nazareth really is the son of god? Retracing his own spiritual journey from atheism to faith, Lee Strobel, former legal editor of the Chicago Tribune, cross-examines a dozen experts with doctorates from schools like Cambridge, Princeton, and Brandeis who are recognized authorities in their own fields. Strobel challenges them with questions like: How reliable is the New Testament? Does evidence for Jesus exist outside the Bible? Is there any reason to believe the resurrection was an actual event? Strobel's tough, point-blank questions make this Gold Medallion-winning book read like a captivating, fast-paced novel. But it's not fiction. It's a riveting quest for the truth about history's most compelling figure. What will your verdict be in The Case for Christ? "Lee Strobel probes with bulldog-like tenacity the evidence for the truth of biblical Christianity."--Bruce M. Metzger, Ph.D., Professor of New Testament, Emeritus, Princeton Theological Seminary"Lee Strobel asks the questions a tough-minded skeptic would ask. His book is so good I read it out loud to my wife evenings after dinner. Every inquirer should have it."--Phillip E. Johnson, Law Professor, University of California at Berkeley

Customer Reviews

The Case for Christ records Lee Strobel's attempt to "determine if there's credible evidence that Jesus of Nazareth really is the Son of God." The book consists primarily of interviews between Strobel (a former legal editor at the Chicago Tribune) and biblical scholars such as Bruce Metzger. Each interview is based on a simple question, concerning historical evidence (for example, "Can the

Biographies of Jesus Be Trusted?"), scientific evidence, ("Does Archaeology Confirm or Contradict Jesus' Biographies?"), and "psychiatric evidence" ("Was Jesus Crazy When He Claimed to Be the Son of God?"). Together, these interviews compose a case brief defending Jesus' divinity, and urging readers to reach a verdict of their own.

A Seasoned Journalist Chases Down the Biggest Story in History The Project: Determine if there's credible evidence that Jesus of Nazareth really is the Son of God. The Reporter: Lee Strobel, educated at Yale Law School, award-winning former legal editor of the Chicago Tribune; with a background of atheism. The Experts: A dozen scholars, with doctorates from Cambridge, Princeton, Brandeis, and other top-flight institutions, who are recognized authorities on Jesus. The Story: Retracing his own spiritual journey, Strobel cross-examines the experts with tough, point-blank questions: How reliable is the New Testament? Does evidence exist for Jesus outside the Bible? Is there any reason to believe the resurrection was an actual historical event? . . . This remarkable book reads like a captivating, fast-paced novel. But it's not fiction. It's a riveting quest for the truth about history's most compelling figure. What will your verdict be in The Case for Christ -- Publisher

Good research into the truth on the Son of God & his death, burial & resurrection. Cannot be denied.

This was an excellent and thought provoking read. The stories provide to show the principles you were investigating were fascinating as well. If one honestly looks at the facts, they can only come to one honest conclusion. I definitely recommend this for anyone seeing truth and wanting to know if God really loves them. Are there good, rational, scientific reasons to believe God? Yes.

I believed in Jesus Christ, my Savior, before I read this book. I didn't need this book to convince me Jesus is the Son of God, but I enjoyed reading the research and evidence Lee Strobel did in his search for evidence of Jesus.

Interesting information. Did not really like his writing style. But the info & proof were important.

Excellent study for kids! Written in an easy to understand terminology. Our kids enjoyed this book. (I actually learned from it as well!)

This is my favorite book of apologetics. Clear, concise, and convincing. A recommended read for a believer, agnostic, or even a atheist. The author used to be an atheist himself, but the evidence for Christ and his claims as the Son of God was overwhelming.

Excellent book and a must read for every person that is questioning the existence of Jesus, the unbeliever, the atheist, the Jehovahs witness, and the skeptic!!

Awesome book for kids explaining the principles of the New Testament in a way they can understand and enjoy reading. My 9 year old son really enjoyed it.
