Love what I'm reading I didn't get the free audio bonus as promise.(Ã Â Â^Â,,) I like to say that

there was a total misunderstanding on my part. I thought there was an automatic download but it's not. You have to go to the back of the book fill out form. You'll find this out through reading the sample which I did not finish looking at the sample. I just knew I wanted this book. So I did get my BONUS as promised I listened to it. Let me say you have to get this book I can't express how much this has taught me to truly worship God that's pleasing to Him. I call this book one of my gold books because it a book to me that has such value. I want to say thank you to the author Jerry Kuzma for helping me.

I asked the Lord, how to get back to my first love, Jesus. And this book showed me it is by worship and submitting to His authority. This book has been such a blessing and I so enjoyed the music of Jerry and Bella. I would love to have such a voice to bring praises to the Lord.

I found the scriptures were very detailed and helpful, good to meditate on and realise how we need to worship more and more. To worship in Spirit and truth.

very enjoyable reading

great!

What a wonderful book. It describes worship perfectly. I recommend it whole heartedly. It connects Hebrew culture and Christian belief in ways that are easily followed and intelligently thought out.

Very good read!!! Has great information in it. It opens the eyes to true worship. Thank you for giving this opportunity to get a better view of worship.

Not at all what I expected. There was much more emphasis on "Hebrew" style than worship! I expecting more I depth study on the cause and affect of worship....
