Agent Of Enchantment: Dark Fae FBI, Book 1

Synopsis

The fae live among us. And one of them is a serial killer. I thought this would be a simple profiling case. Just another Jack the Ripper wannabe, prowling London's streets, searching for easy kills. I was wrong. This killer is fae, and he's as elusive as smoke on the wind. But I'm an FBI profiler, and it's my job to track him down. It doesn't matter that one of the main suspects - a lethally alluring fae - is trying to seduce me...or kill me, I'm not sure which. I won't be stopped, not even when panic roils through the streets of London or when the police start to suspect me. As I close in on the killer, I follow him to a magical shadow realm that's like nothing I ever expected, where I'm hunted like prey. Fine. Bring it on. I'm an FBI Agent. And it turns out I have magical powers of my own. A new adult urban fantasy, perfect for fans of Karen Marie Moning and Ilona Andrews.

Best Sellers Rank: #63 in Books > Audible Audiobooks > Fantasy > Paranormal #203

in Books > Audible Audiobooks > Fiction & Literature > Action & Adventure #435 in Books > Literature & Fiction > Action & Adventure > Fantasy

Customer Reviews

It was a bit hard to follow at the beginning but as the story goes on it got better. It did leave me with a few questions which is why I am looking forward to the second book if there is one. One big question is why did the cop believe her wild tales that turn out to be almost more than he could handle?

I enjoyed this book but hated the male lead Roan. I thought he was a pig. Some of the plot was haphazard but because the characters were well written I could forgive the book. I just hope that in the future Roan pulls the stick out his arse because he'll be the reason I don't continue reading the

series

A really good story, although the authors sometimes let the characters take them off on some strange tangents. Protagonist was fun and smart, even when things start going strange during the investigation. Agent of Enchantment is well worth the read, and I'll need to see what other books are available.

I liked this story so much that I am going to check out her 2 series. If you already like her writing, you will like this one.

I normally do not enjoy books about Fae, this book changed my mind. The author took me on an adventure I did not expect. It mixed fantasy and reality to perfection. I completely enjoyed the story from start to finish. I have already purchased book two.

An incredible UF book. Good premise. Excellent pacing. Interesting characters. I would put Crawford up there with Harrison, Butcher, and Harris. Can't wait to read the next in the series.

This is one of the best books I've read in a long time. Very well written. Great characters, great history, great magic, mayhem and adventure. A real page Turner. I highly recommend

I can't say this was a book I liked or didn't like. I really just didn't care. For such a short book it took me forever to read. The characters were not well developed and the story could not decide if it was a mystery or a love story. I will not be reading the next book.
