In The Last Days: A Brief Guide To Christâ€™s Second Coming For Latter-day Saints

Synopsis

This guide is for newcomers to the topic who wish to examine a wide variety of scriptural passages that cast light on the Last Days, the Second Coming of Jesus Christ, the Millennium, and the end of the world. Students of the Second Coming won't find anything sensational, highly speculative, or particularly new or groundbreaking in this book. Though not exhaustive, the guide walks through many of the major events surrounding the Second Coming of Christ, mainly through the Standard Works of the Church of Jesus Christ of Latter-day Saintsâ "the Bible, the Book of Mormon, the Doctrine and Covenants, and the Pearl of Great Priceâ "but also through some archaeological, historical, and statistical sources. (It's a compilation of posts from the blog "Put on the Armor of Light," written between September 2014 and November 2015.)

Customer Reviews

Great book.I use the rating system frequently when I am making a purchase so that I can be aware

of any problems associated with the product I am looking to purchase. I appreciate other customers sharing their experience whether good or bad with me so I can make an educated decision as to where I put my money. I try to do the same, so that my honest and unbiased review can help others to spend their hard earned money well. When I give star ratings, the number of stars is MY honest opinion on how I feel about the product I am reviewing. If I give a 5 star rating that means that I've been wowed and truly love that product. It probably has features that put it above what would normally be expected. Items that I have given a 4 star ratings are items that do exactly as I would expect, but do not stand out. If an item gets a 3 star rating that is because my feeling about the product is neutral. I do not consider it a negative, but it just did not give me the "wow" factor for a 4 or 5 star review. Vary rarely will I give a 1 or 2 star rating unless the item is completely worthless and not worth the money, and I am only giving that rating as a warning guide to others. Should my opinion change, I will edit my review to reflect as such. I want you, the consumer to get high quality items at affordable prices! If my review has been helpful, kindly click [yes](#)!

This book is a compilation of 30 posts the author wrote for a blog. Therefore, the chapters are short and easy to read. It is a good primer for the grand topic. However, I feel that the author should have taken more time to weave the chapters together in order to deliver a more cohesive book that would be less disjointed and to help reduce redundancy. Otherwise, a good read, although it tends to create more questions than it answers. But such is the nature of the subject matter.

Quick read. I've learned a few new things. I like how the author backs up his "blog entries" with documented Bible Scriptures.

Excellent reference guide for your study in preparation for the second coming, without all the usual predictions. Was obviously written by a humble student of the gospel.

good book

This is just a bunch of blog posts. I know he says that, but it feels like it when you read it too. Good information though.

I would write more however it is late. Heartfelt is the word. A unique perspective only possible from

one sharing the Holy Spirit.

Brief, understandable and reasonably complete.
