St. John Bosco And Saint Dominic Savio (Vision Books S)

Synopsis

From the Vision Books series of saints for young people, this is the enthralling story of the great modern apostle of youth, St. John Bosco, and his best-loved pupil St. Dominic Salvo. St. John Bosco overcame great obstacles to help deprived children find a better life through his schools and spiritual counsel. Illustrated.

Age Range: 9 and up

Grade Level: 4 and up

Customer Reviews

After purchasing this book, I thought it would be just purely autobiographical about Saint John Bosco. Actually, it is far more deeper than an autobiography, it examines the major turning points how a person should cope with the struggle of everyday life. John Bosco is an example of a saint who portrays an ideal life of financial adversity and undergone through severe pain in educating his fellow students. Dominic Savio, a pupil of John Bosco, depicts his mentor as loving and humble. John Bosco did not die without any gain of accomplishments; he did built a school for the children who lost themselves in the dark(lost of self-identity). John Bosco taught the children proper decorum as well as the encouragement of self-esteem. This book does offer good details and background of John Bosco and some information of the life of Dominic Savio!

The book was purchased for my grandson who made his First Communion the first Sunday in May. It is an easy read, and the stories sets an example of how one can improve the world around you by doing things that are in the reach of a 7 or 8 year old child. The book is geared for that age and is well worth having a child read it. It shows a child how one can be a superhero without have superpowers.

Hello, we sent of for this via .com because of the ability to send a gift from the UK without postage and packaging destroying the budget! I was a little disappointed that the Z market does not allow for private messages but otherwise a timely and creditable service. Must get the boys to finish their thank you notes - how on earth do people do these things if the kids are at school all day. Viva the homeschooler!

This is a very well written book! It contained humor and great teaching points to educate my girls (9 and 7) about different aspects of the Faith. I would read them a chapter a night and they would often want me to keep reading. A great book for any household library!

My 10-year-old son loves this series!

I got this book for my third grader. It really makes you appreciate what it means to live right. He was very impressed by this book. I would recommend to any child in 3rd or 4th grade, to get them more actively learning about the Saints.

Very good book for young readers

This book was written before I was born, but it is written in a fun and even suspenseful, exciting way. I'm looking forward to reading it with my third grader
