Bible Study: The 5 Habits Of Highly Effective Christians

Synopsis

Develop a Stronger Relationship with God Through the Power of Five Specific Habits It's sad to think that there are Christians who easily take the Gospel for granted. As we continue to live complicated lives, we are often burdened by trivial things that we lose sight of God and his plans for our lives. We've become too focused on our own desires that we've forgotten about the creator who made us. It may seem like God is so far away and doesn't want to develop a relationship with us, but the reality is, we're the ones moving far away from him. Instead of praying, reading the Bible, worshipping, fellowshipping, and hearing his word preached, we choose to live our lives based on how we want to live them. No wonder there are times when it seems like we can't feel God's presence in our lives. We forget about the message of the Gospel and instead run after things that will never satisfy. We may be living comfortable and easy lives because of technology, but that doesn't make us any better than the Israelites during Moses time. Here we are, saved, and yet we still choose to ignore God's magnificent power in our lives. If you've always wanted to develop your resolve to becoming a better Christian, this book will teach you everything you need to know about the five habits every believer needs to cultivate. From what it really means to be saved to how we can best prepare our hearts and minds to listen to Sunday preaching, this book is packed with all the information you ever wanted to know about living an abundant and joyful Christian life. Here is a preview of what you will learn: What it means to be saved Pray: How to talk to God Read and study scripture: Why we need to study the Bible Worship: The elements of spirit-filled and true worship Fellowship with other believers: The facets of Christian fellowship Listen to God's word through preaching: How to prepare our hearts and minds to be receptive to God's message

Customer Reviews

I really wanted to read the whole Bible from back to front and apply its teachings. This bible study guide gives us the principles of being a Christian and what it means to be saved. Being a Christian goes beyond reading books or mere works but it is through the grace of Jesus Christ but after we accept him as our Lord and Savior we should do our part to be a light to the world and a vessel of Christ. We should also make sure that even no one is looking, when we are alone, our thoughts and heart are Christ like. A great companion for both a beginning Christian and Mature Christian who needs to be reminded of Christ sacrifice to us to remain effective in our calling.

This book is a nice one. It is inspired by the huge successful book of doctor Covey. this book has some of the things to do to be more successful. it is a short book. I finished it under half an hour. I loved the part talking about worship. you need to read and study the bible well. nice book makes you think in a new perspective about religion. it worth reading and it is very well written.

I have no words to describe how happy I am to have bought and read this book. Our faith is falling apart and everyone should have a book like this in the libraries. This book is a completely objective and accurate guidance of the Bible and our faith. Basics for a good Christian who over time have been lost. This book fascinated me! I loved being able to find it because I was looking for a book like this so long ago!

I found this book outlines some basic habits that all Christians should employ. There are great action recommendations made in the text for each habit so the reader can actively begin to build each habit as a routine part of their life. It is an easy read with straight forward dialogue.

This is a very short read but full of great stuff for new Christians! I would highly recommend it for new Christians or anybody who just needs a quick reminder about what we serve focusing on!

I downloaded this book to help someone else who was struggling. I found so much of it to be a reminder of things I could improve upon myself.

The one who knows better to any machine or device is the one who created it, same manner with us the most knowledgeable about our life is our creator. This book think is deeper and realized me at the end that being a christian I must obey and knowledge the holy presence of the Lord when it comes to life. Any thing I do must according to his will, with that I can develop a habit that acceptable in His sight.

good
