How To Survive A Sharknado And Other Unnatural Disasters: Fight Back When Monsters And Mother Nature Attack

Synopsis

Sharks are flying at your head at 300 mph. How will you survive? In the apocalyptic world we live in, Mother Nature is angry. Danger waits at every turn, and catastrophes like the Los Angeles sharknados have taught us that we need to be ready for anything. Too many lives have already been lost. But fear not. *How to Survive a Sharknado and Other Unnatural Disasters* is the first and only comprehensive guide to surviving the very worst that Mother Nature can throw our way. Inside this life-saving reference, you'll find: Vital information about dozens of unnatural disasters and ungodly monsters that can injure, maim, or kill you, from arachnoquakes and ice twisters to piranhacondas and mega pythons. Easy-to-understand survival tips for avoiding a bloody demise. Inspirational words of wisdom from survivors, including Fin Shepard and April Wexler. Useful resources, such as the Shepard Survival Assessment Test (S.S.A.T), and much more. With this essential book in hand, you too can be a hero who laughs in the face of calamity while saving friends and family. Or you can just avoid getting savagely ripped apart by a robocroc. Either way, you've been warned. Now be prepared.

Customer Reviews

I now feel well equipped to handle any emergency that might befall me. Having survived an actual tornado, I was a little terrified at the thought of sharknados. Of course, living 300 miles from the ocean makes this highly unlikely. However, this book also offers sound advice for surviving other disasters such as the Stonehenge Apocalypse, Redneck Gators, Beeclipse and Bigfoot. This last is a true possibility. I know people who have seen Bigfoot. Did I mention I work in the field of

substance abuse? Hurry, buy this book. Your life may depend upon it. I'm off to buy my life-size cardboard standee of Brad Pitt from World War Z for inspiration.

I like how the book covers a variety of things which can come your way whether they be unnatural disasters or monsters in general. I never took the time to research just how many bad movies SyFy has made over the years, it's like I'm reading a mini encyclopedia. The book is divided into two parts, the first focused on unnatural disasters (which is divided into subsections - Fighting Mother Nature and When Earth Attacks,) which include the following: Antdemic, Arachnoquake, Bataclysm, Beeclipse, Boaricane, Dinoami, Sharknado, Whalestrom and then Extreme weather Vortex, Firenado, Ice Twister, Metor Storm, Polar Storm, Stonado, Stonehenge Apocalypse and finally a Swamp Volcano. Then you have part two which is on monsters and divided into subsections- Death if by land and Destruction if by Sea and include the following: Basilisk, Bigfoot, Manticore, Mega Python, Mongolian Death Worm, Mothman, Prehistoric Cave Bear, Rock Monster, Saber-toothed Tiger, Dinoshark, Elektrokraken, Gatoroid, Ghost Shark, Piranhaconda, Pteracuda, Redneck gator, Robocroc, Sharktopus and Swamp Shark. Each disaster or monster has a description on what to expect from them and how to handle each situation.

Too funny! I really enjoyed this book and shared it with friends. We all got a good laugh! Love the Sharknado!

Got this for my 28 year old daughter's birthday. She's a huge Sharknado fan (lol) and she loved this book!

I heard about this as I was watching Sharknado 2 this summer, so I immediately grabbed my Kindle Fire and ordered it. Love it. A good day is when the SciFi channel runs cheesy movies all day long, especially of the shark ilk. I need to catch up on some of these movies. This is a good thing to turn to when I need a laugh or to put my life into perspective. (Being a teacher has a lot in common with Sharknado life.) Now I need to find other Sharknado souvenirs...there's a great Sharknado Cat Hat on Etsy, if anyone's interested.

Again; purchased this book to encourage grandchild to read....It worked!!

I loved this book being a connoisseur of Syfy channel "disaster of the week" films. Packed with real

survival tips interspersed with humor, How yo Survive a Sharknado is absolutely brilliant and a must read for all fans

Must have for "movie lovers"
