# The Golden Years Ain't For Wimps: Humorous Stories For Your Senior Moments

## **Synopsis**

With a mischievous twinkle in her eyes, humorist Karen O'Connor invites you to chuckle and even laugh out loud at the mishaps, misunderstandings, and missteps we all make in our journey to maturity, including trying to remember the thingamajigs bought at whozywhatsit for the whatchamacallits; figuring out how to avoid unwanted work, which sometimes takes more work; mixing up and mishearing words; and the often hilarious results; tackling activities of our youth, forgetting our bodies are a bit different now. You'll enjoy listening to and sharing these short stories that highlight the joy of being alive, the funny situations we get ourselves into, and the faith that makes life worthwhile. --This text refers to the Audio CD edition.

## **Book Information**

Audible Audio Edition

## **Customer Reviews**

my dad loves this book. It gives him connection with others who are dealing with life and death everyday. especially when the one you love is slipping into the darkness of dementia.

I purchased this because my brother is reading it and he said it made him chuckle. Obviously we don't find the same things funny. Very little humor, in my opinion, with poorly put together short stories. Would I recommend it? Nope.

Karen O'Connor is a great author and I highly recommend this book.

This book was written by a friend of mine, and I very much enjoyed reading it. Being a senior now

myself (I look 10 years younger!), I understand the humor really well! Thanks! God bless!

Adorable read..lol. Karen O'Connor reminds readers that "the golden years" are a true blessing that people don't want to admit.

I'm having a senior moment now. I thought I had already rated this book. The book is funny and I enjoyed reading about myself. I saw myself throughout the book.

A very lovely and funny book. I will pass it on to friends and relatives. While getting older isn't fun..books like this make it a little more acceptable. :)

Love the stories shared....very relatable. Humorous it is ...a fun read!
