Dancing With The Devil: Sex, Espionage, And The U.S. Marines: The Clayton Lonetree Story

Synopsis

"TAUT, COMPLEX AND CONSTANTLY SURPRISING . . . a tough tale, well told, that's twice as much fun because it's true."--The Flint JournalIt sounds like a plot torn right from the latest spy thriller: Russian women seducing U.S. Marines so that KGB agents could gain access to top-secret information at the American Embassy in Moscow. In fact, this infamous sex-for-secrets scandal was one of the most notorious espionage cases in Cold War history. At the center of the turmoil was a twenty-five-year-old Native American marine sergeant, Clayton Lonetree, who fell in love with Violetta Seina, a Russian woman who in turn recruited him as a spy for the KGB. The story soon expanded to involve the CIA and diplomats on both sides of the Iron Curtain. But before the political frenzy was over, Lonetree was tried and sentenced to thirty years, and charges against everyone else were dropped. Now author Rodney Barker peels away the layers of this controversial case, painstakingly interviewing key U.S. military and intelligence figures, Russians and KGB agents, even Lonetree and Seina themselves, to uncover the long-concealed truth--and to answer the disturbing question: Was justice really served in Lonetree's court-martial or did he merely take the fall? "A deft, fast-paced, and balanced account."--Kirkus Reviews --This text refers to an out of print or unavailable edition of this title.

Customer Reviews

I know that I am a little late in reading this book but I am very glad that I finally go around to reading it. Barker did an absolutely superb job on the Clayton Lonetree story. I can't believe how well he documented his view and the trouble that he went through to interview as many of the persons

involved as possible including the KGB. Lonetree, at the time of these events was completely immature and incapable of good judgement. Like many other young men he fell for the KGB skirt and ultimately had to pay the price. His parents did not do well in raising him. The USMC should have vetted him before putting him in a responsible position. The State Department and CIA were idiots. The only agency that seemed to know what they were doing was the KGB. I wonder if Clayton and Violeta will ever get together again?

As a former MSG in the very early 70's..I can see how the cold war affected many on how we characterized our enemies on an external and internal process.

-i'm waiting to see if pemberton gets swapped for this so called phillipino spy; he killed someone , lonetree got played by the kgb

the book was very interesting. friends who have been in the Marine Corp have different opinions.

This is required reading for some Marines deployed to Europe. It is about Clayton Lonetree, a Native American U.S. Marine who was on Marine Security Guard duty in Russia and began a romantic relationship with a Russian women. For Marines - this book does not really talk about the MSG program, so don't try to figure out what it is like! Definitely gives us a good idea of why we stand guard abroad at embassies though and overall why we do what we do. Reads like a spy novel and is hard to believe that it all happened!

As a jarhead myself I had to read this book. I was captivated by the whole intrigue of the spy world and the involvement of the U.S. Marines. This book is a good recommendation for just about anyone, it even has a twist of romance. I strongly recommend it!
