What if everything you know about the end times is wrong? Few topics captivate our minds, or fill our hearts with fear, like the end times. Books and sermons on the book of Revelation are plentiful. Yet uncertainty and misunderstanding continue to abound. Now, with a perspective that is both startling and hopeful, Jonathan Bernis unpacks the mysteries of this cryptic time. This prominent Messianic rabbi reveals how biblical prophecies are being fulfilled right now--and what this means for you. Bernis's surprising insights, drawn from both Old and New Testaments, will challenge almost everything you thought you knew about the end times--and show how you can actually help to usher in God's Kingdom. God's plan will be fulfilled. Will you be part of it?

Jonathan Bernis is the president and CEO of Jewish Voice Ministries International and the author of A Rabbi Looks at the Last Days. Bernis, who grew up in a traditional Jewish family, serves on the boards of several organizations that minister in Israel;

I found the book quite interesting; although I may not agree with all that he wrote. I do agree and he really opened my eyes to the fact that we are to bring this message of Yeshua to the Jew first and

then to the Gentile. As an Evangelist and a volunteer Chaplain; printed on my card is the Scripture from Romans 1:16 "For I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to every one that believeth; to the Jew first, and also to the Greek" And I have been sharing this message on the beaches and streets and in churches and jails and hospitals without regard to what religion, but rather to share a relationship with God in Christ Jesus. I found the book to be a proponent leaning toward the theory of a rapture beginning before the Tribulation and I am one that believes that there is a difference between the word tribulation and wrath. I believe that we as believers in the Lord Jesus Christ will go through and suffer tribulation but I believe we believers in Yeshua will be removed at the "Day of the Lord"; as the wrath of God will fall on the unbelievers and we will be removed and not experience the wrath of God. I thought that Rabbi Bernis used the Old Testament well in the presentation to influence one truly searching for truth and I thought enough to buy two additional copies to give to friends, one being Jewish and the other a teacher of the Gospel. As stated I am not an advocate of the Pre-tribulation theory, and this book is. I believe that if we would do what the Bereans did and do their own study and not just accept what others have been teaching; they may find that "Yes, we will suffer persecution (tribulation). Take a moment and look at what is going on in the world today. The persecution and tribulation in China, Africa, the Middle East, and even now in Europe. It has already started in America and most of the people here are not even aware that the Believers in Yeshua are being persecuted. .

It is time for Scriptural references to lead back to the Last Days, the times of God's Wrath. How appropriate that a Rabbi highlight these 6 markers! It is sure to strengthen your foundation in the Word. Who has time for this short book? Hopefully, those who want more ammunition to face overwhelming deceptions.

This is a fantastic book. Many people do not have any idea that you cannot effectively approach a Jewish person about Messiah the same way you approach a Gentile. This book offers background, vocabulary, and Bible verses to use when explaining your faith to a Jewish person. It also describes the undeniable connection between the time when the Jewish people recognize Yeshua of Nazareth as their Messiah and the Last Days. Absolutely outstanding, motivational, and informative. I'm so glad that this author put all this information in one place and made it understandable. I will definitely read this more than once.

i'm a christian and wanted to learn more about Israel, and the struggles that the Jewish people have

gone through. This was a revealing insight of the journey that God's people have endure until this day, because of their disobedient to the God of creation. God has an amazing love for His chosen people, The mandate that God had entrusted to them to preach the kingdom, they fail to carry. Yet someday they will see that their Messiah Yeshua is the one that came to set them free, God calls all Christian's to pray for the Jewish people's salvation and for Jerusalem God's Holy city. May we realize, that we the branch have been graphed into the olive tree and are part of Abraham, Isaac and Jacob.

great book

Enjoyed it

a++++++

Excellent book that gives a wealth of knowledge about the history of the Jewish people. This book is easy to read and left me with a wonderful hope for our future. I'm so glad I read it and plan too share this information with others. I will always pray for the Jews and for Israel as they are the key to all our destinies.
