The Rabbi Who Found Messiah

Synopsis

Listen to the shocking story that the media have ignored and covered up. In 2007, two Israeli news publications, Israel Today and News First Class, reported that the most famous rabbi in Israel's modern history, 108-year-old Yitzhak Kaduri, had left a cryptic death note revealing the name of the long-awaited Messiah. Within a year after the rabbi's death, the note was reported to have been verified as authentic by some of Kaduri's closest followers and then placed on Kaduri's own website (Kaduri.net). The purported Kaduri message proclaimed that Messiah's name was Yehoshua, or Jesus. Its significance shocked the religious world. Shortly thereafter the furor began. The note immediately disappeared from Kaduri's website. The media refused to report further upon the matter. The Kaduri family and several others close to the Kaduri ministry began to claim that the note was a forgery or a mere fabrication - a cruel joke. Now author, senior pastor, radio talk-show host, and former law enforcement officer Carl Gallups, uses his biblical knowledge and journalistic and investigative skills to explore the matter inside and out. Gallup's exciting, detailed reporting reaches startling conclusions that will amaze you.

Book Information

Audible Audio Edition

Listening Length: 7 hoursÂ andÂ 6 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Books in Motion

Audible.com Release Date: December 17, 2015

Language: English

ASIN: B019FQEJ92

Best Sellers Rank: #78 inÂ Books > Audible Audiobooks > Religion & Spirituality > Judaism #294 inÂ Books > Religion & Spirituality > Judaism > Theology #625 inÂ Books > Religion & Spirituality > Judaism > History

Customer Reviews

Based on the information on the cover and inside flap, I expected an account of a rabbi who had a Damascus road experience. Unfortunately, this book ended with the same unanswered questions it posed at its beginning. I was very disappointed. At the most, this information warranted a magazine article.

A mere skim through the pages of this--albeit well-intentioned--work immediately raises several red flags. On the basis of the introductory contributions alone (particularly page VIII), I became skeptical. Why in the world would an author who takes the word of God seriously, use this particular excerpt by Lawrence Jaffe to commend his book! If this quote was necessary to make a point, it could have been incorporated elsewhere. However, to be fair, I did invest further time; still, I can only say that although the work has some interesting aspects, it fails to live up to the expectations that had been raised by a source I had trusted before. If one looks to have one's spirit sharpened...perhaps other readers will fare better than I.

A very well written book. It is a book for those seeking more information about the end times or those looking for a better understanding of what they have already learned. If you are looking for a book to read for pleasure this book is not your cup of tea. I can highly recommend this book. To the author a "Well Done!"

Very interesting reading. Lots of information.

no issues

Interesting of the rabbi's life, but the author's analysis and conclusions are quite a stretch, leaving me incredulous.

This book gives too much personal opinion of the author and I wish he would concentrate more on the message of the Rabbi and the results of that message on the Jewish community. Too much background story is given that is unnecessary.

Very good journalist job. However, the author could have done a better job if he had engaged deeper with the unclear and ambiguous Kaduri's pronouncements about Yeshua's identity.
