committee.

I am NOT a Greek Scholar. I wanted a "Cliff's Notes" to the Greek for my own studies. This provided me just that. It should last me a long time since it is laminated; however, when it wears out, I will buy it again.

A+

This was very helpful to me when I used it for a Greek course.

These laminated sheets contain the necessary basics to help beginners read and understand Greek. The information is laid out in a clear, easy to use format. I would recommend these sheets to anyone who is interested in studying Greek, especially for biblical and theological study

Helpful.

Excellent contents, macrons aren't clear enough ,though.

Just what is needed if you are going to do the "Greek for the Rest of Us" course.

The sheet helped make easier work of a difficult language. It was very handy to have such help at my fingertips.
