Executive Order

Synopsis

A riveting novel by MWA Grand Master Award winner Max Allan Collins. In Eastern Europe four CIA agents are dead - geopolitical pawns caught in border dispute cross fire. Why were they there? Who sent them? Not even the President knows. Back in Washington, the Secretary of the Interior dies from an apparent allergic shock. As details emerge, so do suspicions that she was murdered. Investigating their respective cases, ex - Secret Service agent Joe Reeder and FBI Special Situations Task Force leader Patti Rogers recognize a dangerous conspiracy is in play. When suspects and government contacts are killed off with expert precision, their worst fears are confirmed. As the country edges closer and closer to war, Reeder and Rogers must protect the President - and each other - from an unseen enemy who's somehow always one step ahead. The stakes have never been higher, against killers who might be anywhere, and Reeder and Rogers have no one to trust but each other.

Customer Reviews

Political thrillers is my favorite genre.I found this book as recommend for me by .Great story. Great character development.Fast paced.Wonderful.

Too neat and tidy. All wrapped up with a bow on it. Just did not have real tension, captivating mystery or great attachment to characters.

Another great story from the author of this. Will check out what the next story will be out. Will do that now.

Second book I have read by Collins. Still enjoying the characters and the story line.

I really enjoyed this book--and unfortunately, it struck me as quite believable! It's a good read.

Enjoyed this book and will read other books by this author.

Scary!!! In today's climate could it happen? Possibly

great story, great author ...
