Learn Beginner Spanish - Lessons 6 To 15: Learning Spanish Like Crazy

Synopsis

This program consists of audio lessons 6 to 15 from the original or classic version of the Learning Spanish Like Crazy Level 1 program (as opposed to the new and improved version). Learning Spanish Like Crazy will teach you how to speak authentic Latin American conversational Spanish. I have only used native Spanish speakers in this program to make sure that you develop an authentic Latin American Spanish accent. If you are not concerned with learning how to speak real, everyday conversational Spanish, then this program is probably not for you. I understand that there are people who only want to learn enough Spanish to communicate with a hotel clerk, restaurant waiter, flight attendant, etc., in a Spanish speaking country. But there are others who want to learn enough Spanish so that they will be able to develop meaningful friendships and relationships with Spanish speakers, and improve communication with Spanish speaking in-laws. If the latter category best describes you, then this program is for you. The Learning Spanish Like Crazy system also puts a major emphasis on improving pronunciation. Some people have a natural ability that allows them to quickly develop native-like pronunciation. You probably know someone who is the type of person that I am referring to. We have all seen or heard someone who can imitate the voice of a famous politician, actor, singer, or other celebrity so well, you could almost be fooled into thinking that you are actually hearing the famous person speak. Unfortunately, I was not born with that talent. I had to learn certain techniques to improve my Spanish pronunciation. Those same pronunciation-enhancing techniques are incorporated in this program. So if you've struggled to improve your Spanish pronunciation in the past, after completing this program, don't be surprised if native Spanish speakers begin to compliment you on your pronunciation.

Customer Reviews

Although I am only on lesson 7, I am finding this series to be every bit as good as the previous series, Lessons 1 to 5.
