## Customer Reviews

First, the material is great. The paper feels really nice and the binding is fantastic. There's a lot of miscellaneous information in the first couple pages, but those are minor details. The only thing that I don't like about it, and really this is a personal preference, is that the week in the planner starts on Monday instead of Sunday, which is annoying but understandable since not every country starts the week on Monday. So just beware of how the week is arranged, but otherwise it's great.

Perfect, for the 10th year in a row! This style has been our go-to business planner, and never disappoints.
