Customer Reviews

The voice of George S. Irving is irreplaceable. This audio tape is an absolutely fabulous reading of James Howe's work in abridged form. I'm normally not for abridgements, but this is actually an improvement on the original work. Having tried listening to a more modern unabridged recording with a different voice actor I can safely say this is the superior version. In fact, it's the ONLY version in my book :) Utter perfection!

Great book for children. I loved reading this series when I was a child and now my daughter loves it too.

The Bannicula series is wonderful. My boys love the books. The cover art on this book is great and the binding seems sturdy for a paperback. The cover is a little thin but it's a paperback and for the price I think it is still worth five stars. A great read!

My son loves the Bannicula series and devours them. He doesn't like reading at all, but will consent to reading these and likes them well enough to keep requesting them. I think that speaks well for

them!

It was very good book I loved it so much that I wish that I had the collection I do but I have to return my kindle to my school because I won this contest but I have to return it at the of the year

The kids love this whole series!

I loved it! It was funny, scary, and fun to read. All in one book! I couldn't take my eyes of it!

My youngest enjoys this series.
