Customer Reviews

My oldest granddaughter loves to read, but finding books appropriate in content for her requires a lot of searching because she reads a year or so above her age level. This book looked like it fit the bill for her & it certainly did. She absolutely loved it, & I've bought her the rest of the series since. She enjoys books that contain humor & these books do. It's been such a blessing to see her have such a passion for reading. I highly recommend this series for our younger readers.

Hi. My name is Gemma and I'm 8 yrs. old. I have the whole Whatever After series so far, and I LOOOOOOOOVE it. In the first one Abby and her brother Jonah are in the basement at midnight. Well, first Jonah is then he tells Abby that he bumped in to the glass and the mirror started hissing. He said he knocked into it again and then there was a purple light coming from the mirror. Of course

Abby doesn't believe him. But she goes into the basement with him and I'm going to stop right there otherwise I'll spoil it. I hope other kids like it as much as I do.

My daughter loves this book series. It is a series that continues to get her excited about reading. We read them every night together and I must say that I find myself at the edge of my seat waiting for what happens next.

I bought this book for my 9 year old to read. We started reading it for her 30 min daily required reading. I read it to her, she read it to me. I couldn't wait to see what was happening next so I finished the book ahead of her. I couldn't put it down. Love the whole book especially that the whole story of Snow White changes. It is great to show that the princess isn't so needy and becomes independent. My daughter just finished this one today and went on to read the next one "If the Shoe Fits" also today. These are wonderful books for young and old!

Love, love, love. My 10 year old daughter enjoyed it, but even as an adult I had so much fun reading this with her!

It a good book for my 6-yr-old, though still too tough for her to read, but I enjoy reading it to her at bedtime. We've read the first three in the series and she wants the rest of them. The language and dialogue is very current with positive interaction between brother and protective older sister.

The reason why I chose to rate this book 5 star is because it's a good book and it's a fairy tale. It's an adventure type book and it's really good. I like the part when the Prince takes the arrow for snow white it's sad but romantic. It's very creative. You have to get it I definitely recommend it!!

I've read every single Whatever After book with my daughters (7 and 5). They are delightful. Sarah has a great voice and keeps the story moving at a great pace. We can't wait for the next book to be released!!
